

Report for java Assignment

Name: Ramjattan Utsav

Cohort: BSE/24A/FT2

Student ID: 2403_27739

Initialization of the variables

```
...4 lines
package Assignment;

import javax.swing.JOptionPane;

/**...4 lines */
public class testingAssignment {

    /**...3 lines */
    public static void main(String[] args) {
        //initialisation of the variables
        String input, input2, output="";
        int options, Race1, Race2, Race3, Race4, horsewon;
        int betplaced, betwon;
        String bet;
        String Racebet;
        int continuebet;
        int Totalbet=0;
    }
}
```

Welcoming screen

```
//Welcoming screen

JOptionPane.showMessageDialog( parentComponent: null, message: "Welcome to Horse Betting 365 \nWish you good luck!!!");
```

Option to ask if person wants to place bet or leave

```
//option for player to enter or leave the bet
input = JOptionPane.showInputDialog( message: "Do you want to play ?\n Enter 1 to play or -1 to exit!");
options = Integer.parseInt( :input);
if (options== -1){
    JOptionPane.showMessageDialog( parentComponent: null, message: "Goodbye!!!");
    System.exit( status: 0);
}else{
    JOptionPane.showMessageDialog( parentComponent: null, message: "welcome to the game ");
    JOptionPane.showMessageDialog( parentComponent: null, message: "Now your turn to bet on 4 races");
}
}
```

Asking person which race they want to bet

```
//now selection for the races
input=JOptionPane.showInputDialog( parentComponent: null, message: "Enter 0 t finish betting \nEnter 1 to bet on Race 1 \nEnter 2 to bet on Race 2 \nEnter 3 to bet
options=Integer.parseInt( s:input);

: 2 to bet on Race 2 \nEnter 3 to bet on Race 3 \nEnter 4 to bet on race 4"
```

Switch for the races (race 1 Race 2 Race 3 Race 4 and exit if they don't want to bet

```
switch(options){
    case 0: output="Exit";break;
    case 1: output="Race 1";break;
    case 2: output="Race 2";break;
    case 3: output="Race 3";break;
    case 4: output="Race 4";break;
    default: output = "Invalid key pressed... \nEnter again 0 - 4";
}

if (options==0){
    System.exit( status:0);
}
```

Player can choose which horse he wants to bet on for race 1

```
//Race 1
input2=JOptionPane.showInputDialog( message: "Race 1 \n 1: Noble Salute \n 2: Sea Worrior \n 3: Lines of Power \n 4: Shamooka");
Race1=Integer.parseInt( s:input2);
//randomization for the races
horsewon = (int) (Math.random()*4)+1;
```

Code for bet 1

If player wins or lose

Total bet

If player wants to continue betting

```
//code for bet
bet=JOptionPane.showInputDialog(message: "Enter the amount you want to bet");

Output

Betting for race 1

Selecting horses

Entering amount

An input dialog box titled "Input" with a close button (X) in the top right corner. It features a green square icon with a white question mark on the left. The main text reads "Enter the amount you want to bet". Below this is a text input field containing the number "1000". At the bottom are two buttons: "OK" and "Cancel".

Option if player wants to exit bet or skip race

An input dialog box titled "Input" with a close button (X) in the top right corner. It features a green square icon with a white question mark on the left. The main text reads "Do you want to continue betting on Race 2? if yes press 1 else press 0 to exit". Below this is an empty text input field. At the bottom are two buttons: "OK" and "Cancel".

Selecting horse for race 2

An input dialog box titled "Input" with a close button (X) in the top right corner. It features a green square icon with a white question mark on the left. The main text reads "Race 2" followed by a list of four options: "1: Le Turbo", "2: Copa Moorgen", "3: Gaetan Duval", and "4: Robbie Beckham". Below the list is a text input field containing the number "2". At the bottom are two buttons: "OK" and "Cancel".

Entering amount

An input dialog box titled "Input" with a close button (X) in the top right corner. It contains a green square icon with a white question mark. The text "Enter the amount you want to bet" is displayed. Below the text is a text input field containing the number "1000". At the bottom are two buttons: "OK" and "Cancel".

Option to skip race 3 or continue

An input dialog box titled "Input" with a close button (X) in the top right corner. It contains a green square icon with a white question mark. The text "Do you want to continue race 3?" is displayed, followed by "if yes press 1 else press 0 to exit". Below the text is a text input field containing the number "1". At the bottom are two buttons: "OK" and "Cancel".

Selecting horse for race 3

An input dialog box titled "Input" with a close button (X) in the top right corner. It contains a green square icon with a white question mark. The text "Race 3" is displayed, followed by a list of four horses: "1: Pamela Fookyune", "2: Tania Diolle", "3: Stanley Ramgoolam", and "4: Veroni Leclezio". Below the list is a text input field containing the number "1". At the bottom are two buttons: "OK" and "Cancel".

Entering bet

The screenshot shows a standard Windows-style dialog box titled "Input" with a close button (X) in the top right corner. On the left side, there is a green square icon containing a white question mark. To the right of the icon, the text "Enter the amount you want to bet" is displayed. Below this text is a text input field containing the number "1000". At the bottom of the dialog, there are two buttons: "OK" and "Cancel".

Selecting horse for race 4

The screenshot shows a dialog box titled "Input" with a close button (X) in the top right corner. On the left, there is a green square icon with a white question mark. To the right, the text "Race 4" is shown. Below it is a list of four names, each preceded by a number: "1: Yasmine Emamdee", "2: Arnaud Lemalin", "3: Sanjay Peroumal", and "4: David Brazzers". Below the list is a text input field containing the number "4". At the bottom, there are "OK" and "Cancel" buttons.

Entering bet for race 4

The screenshot shows a dialog box titled "Input" with a close button (X) in the top right corner. On the left, there is a green square icon with a white question mark. To the right, the text "Enter the amount you want to bet" is displayed. Below this text is a text input field containing the number "1000". At the bottom, there are "OK" and "Cancel" buttons.

Output for all the races if player has chosen

Player has lost all the races

All the races (some of the race that the player has won)+outputting the total player has won

Output for the races if one of the races has been skipped

(Race 2 has been skipped)
